Meta Ads Strategy

Overall Approach

The advertising strategy for Yarn Charms was designed using a two-campaign funnel approach, where one campaign focuses on awareness and the other focuses on conversions. This ensures that potential customers are first introduced to the brand and then encouraged to take action.

Location Targeting

(Pakistan – Lahore, Karachi, Islamabad)

I selected these cities as they are the largest urban markets in Pakistan. They have high concentration of online shoppers and strong engagement in Instagram/Facebook commerce. Additionally, these cities have a growing trend of handmade, aesthetic, and customized gift culture, which aligns with Yarn Charms' products.

Target Audience Strategy

Age Group: 18–35

As this age group is most active on social media platforms so they are more likely to purchase personalized and aesthetic handmade products which includes students, young professionals, and gift buyers.

Gender: Women (Primary Target)

Women are more interested in learning new hobbies and likely to purchase handmade, decorative items as they are emotional buyers.

Interest Targeting

- Crochet, Knitting, Yarn, Wool
- DIY (Do It Yourself)
- Arts & Crafts
- Hobby & Learning communities
- Handmade and crafting enthusiasts

Reasoning:

These interests were selected to reach users who are either already interested in crochet/crafts or are likely to appreciate handmade work or are potential creators or buyers in the handmade niche.

Duration & Budget

Duration: 8 days

Budget: 2200 PKR

Reasoning:

A moderate short-term budget was used to test audience response, generate initial engagement and leads and optimize performance before scaling. The budget allocation is aligned with the product value.

Carousel Format Usage

I used carousel format because it Increases user engagement through swiping behavior, and have higher chances of capturing attention

CREATIVES

Headline (Hook):

New Handmade Crochet Arrivals
Are Here!

Main Text:

Yarn Charms brings you our newest crochet collection THE PERFECT COASTER, which is designed to add warmth and charm to your table space.
