Content Strategy Approach (70/20/10 Rule)

70% Educational / Value Content

Most content focuses on showcasing crochet artistry, product details, and care tips. This builds trust and highlights craftsmanship.

20% Engagement Content

Interactive posts such as “This or That” and preference questions are used to encourage audience participation and improve engagement.

10% Promotional Content

A small portion of content directly promotes Yarn Charms products and custom order services to maintain a balanced sales approach without overwhelming the audience.
